WRISTBAND SIZE

Print this page per instructions in the box below. Follow the steps below to get your perfect wristband size!

- 1. Place your wrist, palm-side up, over the sizing bar.**
- 2. Make sure the left side of your wrist is lined up with the left edge of the sizing bar.**
- 3. When your wrist is placed correctly, take note of the size visible on the right side of your wrist. This indicates which size Sabona wristband will fit you.**

If you prefer a looser or tighter fit, you may decide to choose the size smaller or larger than this chart suggests would be the best fit.

READ THIS BEFORE PRINTING!

It is vital that this page prints at full size for accurate measurement. Once you have selected print, a dialog box will appear on your computer screens with your printer settings. **Make sure you check the printer settings box for ACTUAL SIZE.** If you select any other option this page will NOT give you accurate sizing! To ensure the page printed accurately, the length of the "XS" bar will be 2" long exactly.
